IN RE: Application of Midlands Utility, Inc. for)	ORDER APPROVING
Approval of a Wholesale Wastewater)	RENEWAL OF
Agreement with the Orangeburg Department)	WHOLESALE
of Public Utilities (Northwood Estates))	WASTEWATER
)	AGREEMENT

This matter comes before the Public Service Commission of South Carolina (“Commission”) on a request from Midlands Utility, Inc. (“Midlands”) for renewal of a Wholesale Wastewater Agreement with the City of Orangeburg. Among the terms of the Agreement, Midlands will release wastewater collected from its customers to the City of Orangeburg’s wastewater facilities, where it will be treated and ultimately discharged into the Edisto River. The Agreement is to be in effect for a period of five years, and the initial amount of wastewater agreed to be collected is 38,000 gallons per day based on 95 equivalent residential units.

We find the terms of the Wholesale Wastewater Agreement are in the public interest as an acceptable arrangement for provision of such wastewater service, and the Agreement is therefore approved.
